JURY TRIAL REQUESTED

**CALLERTONE INNOVATIONS, LLC'S
COMMENTS ON DEFENDANTS' TUTORIAL**

Plaintiff Callertone Innovations LLC ("Callertone") provides these brief comments and objections to Defendants Tutorial presentation (D.I. 58 of C.A. No. 1:11-cv-1034-LPS; D.I. 62 of C.A. No. 1:11-cv-1035-LPS; D.I. 63 of C.A. No. 1:11-cv-1036-LPS; D.I. 60 of C.A. No. 1:11-cv-1039-LPS; D.I. 58 of 1:11-cv-1044-LPS; D.I. 63 of C.A. No. 1:11-cv-1067-LPS; D.I. 66 of C.A. No. 1:11-cv-1068-LPS; and D.I. 60 of 1:11-cv-1099-LPS).

Callertone generally objects to Defendants' Tutorial presentation as including improper argument. For example, slides 11-14 and 16-22 improperly focus on exemplary embodiments of the specification, while ignoring other disclosures and teachings of the patents in suit. This selective citation and improper attempt to limit the invention by references to examples in the specification is apparent also in Defendants' Opening Brief on claim construction. As a result, Defendants' improper focus on selected examples, along with the subject matter of those examples, is addressed in Callertone's Responsive Claim Construction Brief, co-filed on the date of these Objections. Plaintiff stands ready to address all such issues further, including the specifics of Defendants' Tutorial, at the upcoming *Markman* hearing.

Dated: August 7, 2013

Respectfully submitted,

/s/ Timothy Devlin
